

Daisy BB Gun Team Match & Shoot Off

Sanctioned and Sponsored by the National Rifle Association

Rogers Convention Center
Rogers, Arkansas
June 29 – July 3, 2025

Official Match Program

Match Officials:

Match Director: Gary Jobe
Statistical Officer: Mary Furr
Referee: Clyde Furr

RULES: The current edition of the NRA BB Gun Rules will apply. Conduct of the Daisy Nationals will be governed by this Official Match Program and the current NRA 5-Meter BB Gun Rules but may be modified by this Official Match Program or by a Match Director's Bulletin. Such bulletins will be published separately from this Match Program and posted on the Official Match Scoreboard. NRA rule books are available from the NRA Materials Center at (1-800-336-7402) or by download at <https://competitions.nra.org/competition-resources/rule-books/>

Safety: Safety is the No. 1 concern of all Match officials, coaches, managers, and team members. Proper safety procedures will be followed at all times during the Match. Infractions will be noted and one warning will be issued to the shooter and his or her coach. A second infraction will result in the deduction of 10 points from the shooter's score, and the third infraction will result in disqualification of the shooter (Rule 9.30).

Training: Each competitor must have successfully completed the Daisy or other nationally recognized shooting education program prior to competing in State or Daisy Nationals.

TEAM COMPETITION: Teams are composed of five regular members and two alternates from the same sponsoring organization.

Consecutive Match Exclusion: Individuals who competed as regular members of a team competing in the DNBBGCM in the previous year are precluded from firing as a regular team member or alternate at the DNBBGCM current year. **Regular team members will not be allowed to come back the following year and compete as an alternate or team member. They must sit out one year to be eligible to compete again. This rule assures that new shooters will get a chance to compete. We offer a separate "Champions Match" for shooters who competed on a team last year.**

Alternates: NRA Rule 12.4 governs substitutions of alternates. Designated team alternates will shoot the entire match and will compete for "Team Alternate" awards. Team alternates who do not compete as regular team members will be eligible to compete as either a team member or alternate in the next subsequent DNBBGCM. In the event an alternate is substituted for a regular team member during the course of the match, the competitor whose scores constitute the majority of the shots for record loses eligibility to compete as a regular team member the subsequent year.

Limitation to Number of Teams: Limited to the first 75 teams to register. Teams will be limited to one per Chapter/Town/Club unless there would not otherwise be three teams representing that state.

Eligibility: (Rule 2.3) Boys and girls ages 8 through 15. Competitors must be 8 years of age at the time of competition and may compete through their 15th year. The age of the competitor shall be determined by the date of the first shot going down range for each tournament. If a competitor has a birthday on July 2, 2025, and they turn 16, they are not eligible to shoot in the Daisy Nationals. Photocopies of each competitor's birth certificate must be available on request.

The State Match criteria for teams to qualify to get an invitation to Daisy Nationals 2025:

- Intent to hold a qualifying match must be submitted to Daisy by Jan.15 of the current year. (Firm dates can be submitted once they are confirmed.)
- Match Director must send their match results to Daisy and invitations will be sent out by Daisy after reviewing the results and other state match results.
- Qualifying matches must be a "Shoulder-to-Shoulder" Match, not a postal match.
- A minimum 25-question test (questions from the NRA Rule book and the Daisy 10 Lesson Curriculum) must be administered and be part of overall scores.
- Qualifying team members at your state match cannot have competed at Daisy Nationals on the 5-man team the prior year (shooters who are ineligible to compete on a team at this year's Daisy Nationals).
- Results must be submitted to Daisy within 2 weeks after the match completion. Results must be submitted by the Match Director or Match Coordinator to initiate sending the Invitation Letters to the top 3 placing teams.
- Invitations to compete in the Daisy Nationals shall be issued to the top three placing teams in each of the State Championship Matches. In the event a Chapter/Town/Club has more than two teams finishing in the top three at the State Championship Matches, the next highest team not from that Chapter/Town/Club will be offered that invitation to the National Championships.

Team Member Requirements:

- All teams competing in the Daisy Nationals must be made up of members who participate in the sponsoring organization's Shooting Education Program.
- No team may be composed of members selected from a region or state-at-large (Rule 2.11)
- Only those shooters who have fired in a State Championship may be selected to represent an organization at the Daisy Nationals
- Shooter must represent the same organization in both the State Championship and the Daisy Nationals
- The names of each shooter on a Daisy Nationals team must appear on a State Championship results bulletin representing the same sponsoring organization

Matches – Status of Teams: All teams competing in the Daisy Nationals will compete on an equal basis and all rules in the current Official NRA 5-Meter BB Gun Rule Book or as amended by the match bulletin will apply equally to each registered team. Teams competing may not waive eligibility for medals in order to maintain team member eligibility to compete in the next subsequent Daisy Nationals.

Registration: Opens May 5 at 10:00 a.m. and closes May 27 at noon (Central Time). All registration will be completed online.

Registration Fees: No registration fee if submitted by the deadline. A late registration fee will be assessed if submitted after noon on May 27. The fee will be \$100 and will be collected on the day of registration at the match, June 29.

Parental Permission: Each shooter is required to have the following forms completed by a parent: Media Release, Medical Authorization and Liability Release. These forms must be signed by the competitor's parent or guardian and returned with the other registration forms before the competitor is permitted to participate in the Match. **Reminder - all forms must be completed online with the link provided during registration.**

Shooting Camps: will not be allowed to setup in the Range area or directly outside the range doors. The Area from the Statistical room doors to the range doors will be taped off to be an open area to aid with traffic flow.

Firing Starts: First Relay will start at 7:30 each morning. Doors will open 30 minutes before the start time. Teams must be set and ready to fire at relay start time.

SCORING: We use the Scopes/Orion scoring system (OFFLINE) for all targets. Match will not be handled as a live match; meaning scores will not be available online during the match. Scores will be paper posted at the end of each Relay for individual results. There will be a 30-minute challenge period to look over your scoring summary sheet and targets at the end of each Relay (2 positions at a time will be reviewed). Each team will be given one pass to the target review room. Coaches will be looking for administrative errors where the shot is not a reasonable interpretation of the actual shot. Coaches may be allowed to view that shot in Scopes/Orion if there is an error. There will be no scoring challenges to targets that have been scored by the Scopes/Orion System. Once the targets are reviewed, the coach will turn the targets back into the statistical office staff. Targets will not be removed from the scoring area. Any targets missing at the end of the challenge time will be given a zero. Times for the challenge period will be posted when all targets have been scored at the end of each match (2 positions at a time will be reviewed). The use of scoring plugs will not be allowed. (Supersedes NRA rule 14.3.1.) Changes from the rule book as indicated in the match program have been approved by the National Rifle Association.

FIRING POINTS: Daisy will randomly select and assign firing points for each team. Your firing point will be given to you at registration. Please refer to the match schedule for your practice time and the times you will shoot your match. You will only be allowed to shoot on your assigned firing point at your scheduled times. Shooting order will be declared when you register your team.

POSITION: NRA Rules will be followed regarding safe and legal positions. Section 5 will be used to determine the prone, sitting, kneeling, and standing positions. The NRA Referee will interpret these rules, and his decision(s) are final (Section II).

COURSE OF FIRE: (Rule 17.5) The BB gun match consists of 40 shots for record fired at 5 meters (16 ft. 4 ¾ inches) in four stages with a 10-minute time limit for each stage as follows:

Match 2: 10 shots from the Standing position

Your competitors must have a 529 Savings Plan established. Each 529 plan varies from state-to-state, so *you will be responsible for investigating and establishing your plan in your state*. There is no age limit, so if the beneficiary decides to first go into the military or even take years off from further education, the money will still be there and available for use. **The deadline for you to submit your above information to Daisy Outdoor Products to receive the funding is September 15, 2025.**

Painted Gun Contest

Those interested in participating in this contest must pick up an entry form at the registration desk. Awards will be presented at closing ceremonies for 1st, 2nd, and 3rd place winners in two categories, but gift cards will only be given to the top three who painted their own BB guns.

Important note: guns that are going to be judged must only be ones that are used in the competition.
