Firing Starts: First Relay will start at 7:30 each morning. Doors open 30 minutes prior to the start time. You must be set and ready to fire at relay start time.

SCORING: We use the Orion scoring system for all targets. Targets will be scored, and a shot summary sheet will be posted at the end of each relay. There will be a 30-minute challenge period to look over your scoring summary sheet and targets. Each team will be given one pass to the target review room. Coaches will be looking for administrative errors where the shot is not a reasonable interpretation of the actual shot. Coaches may be allowed to view that shot in Orion if there is an error. There will be no scoring challenges to targets that have been scored by the Orion System. Once the targets are reviewed, the coach will turn the targets upside down on the table and sign the back of the top target. Targets will not be removed from the scoring room. Any targets missing at the end of the challenge time will be given a zero. Times for the challenge period will be posted on the statistical room door by the statistical room staff. The use of scoring plugs will not be allowed. (Supersedes NRA rule 14.3.1.) Changes from the rule book as indicated in the match program have been approved by the National Rifle Association.

FIRING POINTS: Daisy will randomly select and assign firing points for each team. Your firing point will be given to you at registration. Please refer to the match schedule for your practice time and the times you will shoot your match. You will only be allowed to shoot on your assigned firing point at your scheduled times.
